

2nd International Conference on
**Cancer Genetics and
Epigenetics**

*Theme: “The Milestones of Scientific Contribution Against Cancer
Evolution: Research, Trials, Patient Advocacy & Nursing”*

**November
12-13, 2018**

Tokyo, Japan

Conference Secretariat

47 Churchfield Road, London, W3 6AY

Tel: +1 650 889 4686

email: worldepigenetics@cancersummit.org, worldepigenetics@oncologymeeting.org,

Conference Series llc LTD welcomes you to attend the 2nd International Conference on Cancer Genetics and Epigenetics, which is going to be held in Tokyo, Japan during November 12-13, 2018.

We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Cancer Genetics and Epigenetics.

Epigenetics and Cancer 2018 anticipates more than 200 participants around the globe with thought provoking Keynote lectures, Oral Presentations and Poster Presentations. The attending delegates include Editorial Board Members of related International Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

The main theme of the conference is “The Milestones of Scientific Contribution Against Cancer Evolution: Research, Trials, Patient Advocacy & Nursing”.

Who Should Attend??

Epigenetics and Cancer 2018 Conference is a novel discussion to unite overall recognized scholastics in the field of Oncology, Genetics, Genomics and Proteomics, Bioinformatics, Molecular Biology Researchers, Public wellbeing experts, Scientists, Academic researchers, Industry specialists, Scholars to exchange about state of the Research and Development.

*Regards,
Epigenetics and Cancer 2018
Operating Committee*

Tentative Agenda

Epigenetics and Cancer 2018

November 12, 2018

<i>Time</i>	<i>Session</i>
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
	<i>Group Photo</i>
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Cancer Cancer Evolution
13:00-13:45	Lunch Break**
13:45-16:00	Cancer Research and Trials Cancer Treatment and Therapies
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Cancer Surgery Cancer Genomics and Epigenomics Epigenetics
	<i>Day Concludes</i>

November 13, 2018

<i>Time</i>	<i>Session</i>
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
	<i>Group Photo</i>
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Epigenetics and Cancer Biomarkers
13:00-13:45	Lunch Break**
13:45-16:00	Epigenetic Biomarkers in Cancer Nursing and Patient Advocacy
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Nursing education and research Nursing Theories and Nursing Practice Cancer nursing
	<i>Day Concludes</i>

Epigenetics and Cancer 2018 conference is mainly focused on the progress of the scientific community against the cancer evolution, may it be research, clinical trials and nursing. Hence, it showcases the new scientific and technical advances in comparison to the ancient theories with a vision of advanced innovation.

Epigenetics and Cancer 2018

- *Opportunity to attend the presentations delivered by eminent scientists from all over the world*
- *Selected contributions will be published in following International Journals*
 - *Journal of Cancer Science & Therapy*
 - *Journal of Integrative Oncology*
 - *Journal of Carcinogenesis & Mutagenesis*
- *Participation in sessions on specific topics on which the conference is expected to achieve progress*
- *Global networking: In transferring and exchanging Ideas*
- *Share your excitement in promoting Health care, Clinical R&D*
- *Conference brings together Scientific Researchers, Nurses, Doctors, Business Entrepreneurs and Pharma & Healthcare industry developers.*

International Journals

- 900 Open Access Journals
- 21 Day rapid review process
- 30000 Editorial team, 35000 Reviewers team
- 3.5 Million readers and high visibility
- More than 100000 
- Publication immediately after acceptance
- Quality and quick editorial, review processing

Key features

- User friendly/feasible website translation of your paper to 50 world's leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

Conference Series llc LTD Conferences

- 1000 Conferences all over the World every year
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

Key features

- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Platform for global networking
- Connecting scientific community

Tokyo, the capital city of Japan and the world's most populous metropolis is also one of Japan's 47 prefectures, consisting of 23 central city wards and multiple cities, towns and villages west of the city centre. The Izu and Ogasawara Islands are also part of Tokyo. Tokyo was formerly known as Edo, a small castle town in the 16th century. It officially became the capital after Emperor Meiji moved his seat to the city from the old capital of Kyoto in 1868 when it was renamed to Tokyo. Tokyo's urban landscape consists mainly of modern and contemporary architecture evidence to its ruination after the Great Kantō earthquake in 1923 and later the extensive firebombing in World War II. It has many internationally famous forms of modern architecture including Tokyo International Forum, Asahi Beer Hall, Mode Gakuen Cocoon Tower, NTT Docomo Yoyogi Building and Rainbow Bridge. Tokyo also features two distinctive towers: Tokyo Tower and the new Tokyo Skytree, the tallest tower in Japan and the second tallest structure in the world after the Burj Khalifa in Dubai.

Tokyo has many museums, which includes the Tokyo National Museum; the country's largest museum and specializing in traditional Japanese art, the National Museum of Western Art and Ueno Zoo, National Museum of Emerging Science and Innovation in Odaiba, the Edo-Tokyo Museum in Sumida, etc., As the largest population centre in Japan and the site of the country's largest broadcasters and studios, Tokyo is frequently the setting for many Japanese movies, television shows, animated series, web comics, and comic books. Akihabara is the most popular area for fans of anime, manga and games. Other city attraction includes Tokyo Disney land, Ginza, Meiji Shrine, Ryogoku Kokugikan, Sensoji temple, etc., Today, Tokyo offers a seemingly unlimited choice of shopping, entertainment, culture and dining to its visitors. The city's history can be appreciated in districts such as Asakusa, and in many excellent museums, historic temples and gardens. Contrary to common perception, Tokyo also offers a number of attractive green spaces in the city centre and within relatively short train rides at its outskirts.

Abstract Submission

<https://epigeneticsconference.conferenceseries.com//abstract-submission.php>

Note: All the relevant abstracts will be accepted and published in respective conference proceedings.

Registration

<https://epigeneticsconference.conferenceseries.com//registration.php>

Important Dates

Abstract submission opens: December 10, 2017

Registration opens: December 10, 2017

Early bird registration: May 07, 2018

Abstract submission last date: September 10, 2018

On spot registration: November 12, 2018

Venue

Tokyo, Japan
